**Minimal Maintenance • Easy Loading/Unloading • Maintains temperatures !**

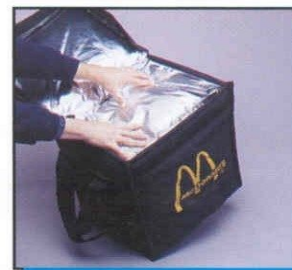

Two Stack Pak™ inner cartons

Pre-heated pads will ensure safe food delivery

Your products stack quickly and easily into Stack Pak™

Internal float seals temperatures in.

To maintain maximum temperature protection, be sure to cover your hot food items in the Stack Pak™ with the internal float during and after the packing process.

Upon completion of the packing, be sure to pull the outer lid down completely, securing the outer flaps firmly against the corresponding SureSeal closure system. For more information about Stack Pak™
